

COMPANY PROFILE

**Harness
and
Comoulding**

WE ARE

Since **1981** is a manufacturer of wiring harnesses for **automotive market** and home appliances, assembly of **electrical components** and comoulding.

Due to its policy of investment in technology, equipment and a constant focus on improvement of **quality standards**, the **CDS** has an important role to direct partner to major international companies, manufacturers of systems for the automotive market.

A FOCUS ON SUSTAINABILITY

ENVIRONMENT

Prevent and reduce impacts on the environment, operating in particular through:

- ✓ Sorting of the internal produced waste
- ✓ Recovery of the processing waste
- ✓ Control, treatment and minimization of the waste produced by the service systems
- ✓ Constant attention to emissions into the atmosphere
- ✓ Search for energy saving solutions
- ✓ Production of energy from renewable sources

SOCIAL

Promote social cohesion placing an emphasis on inclusiveness and the well-being of all.

GOVERNANCE

Make the activities carried out by the company visible and tangible.

MAIN PLANT

ITALY

Turin (Piedmont)
Gerbole Volvera

PLANT AREA 3.100 M²

**TUNISIA
GROMBALIA**

PLANT AREA 3.000 M²

GROMBALIA

Manual assembling

IDC line process

Cutting and crimping process

Automatic taping

Electrical test

PRODUCTION SITE

MAIN EXPORT COUNTRIES

Spain

India

Portugal

Germany

Brazil

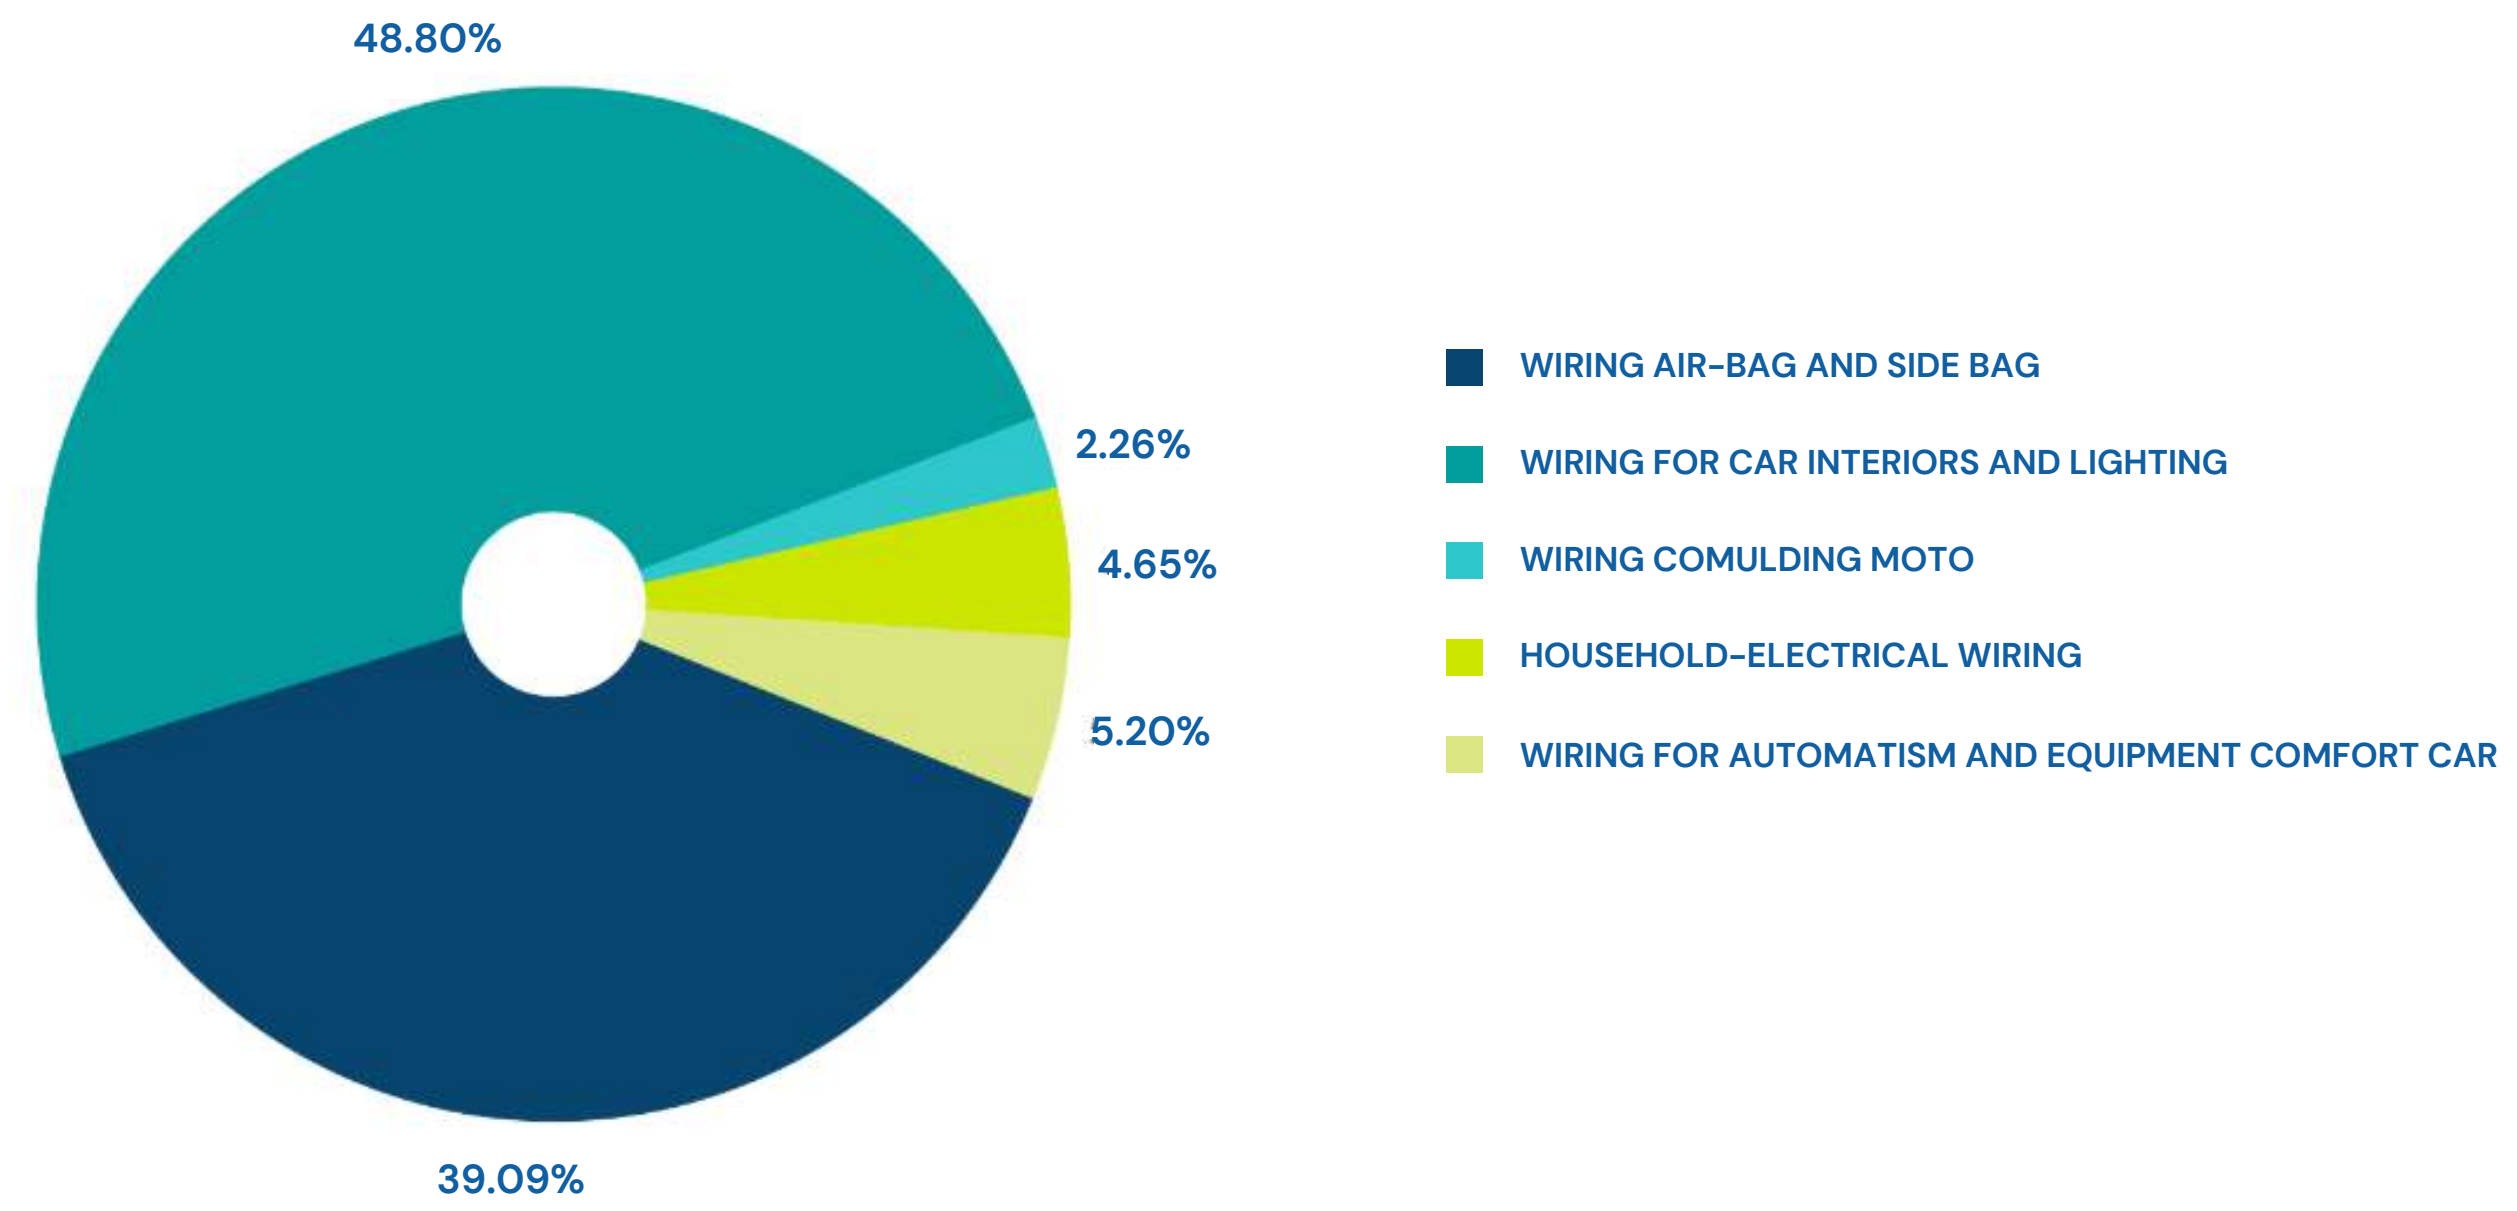

Morocco

Poland

Tunisia

Turkey

PRODUCTS

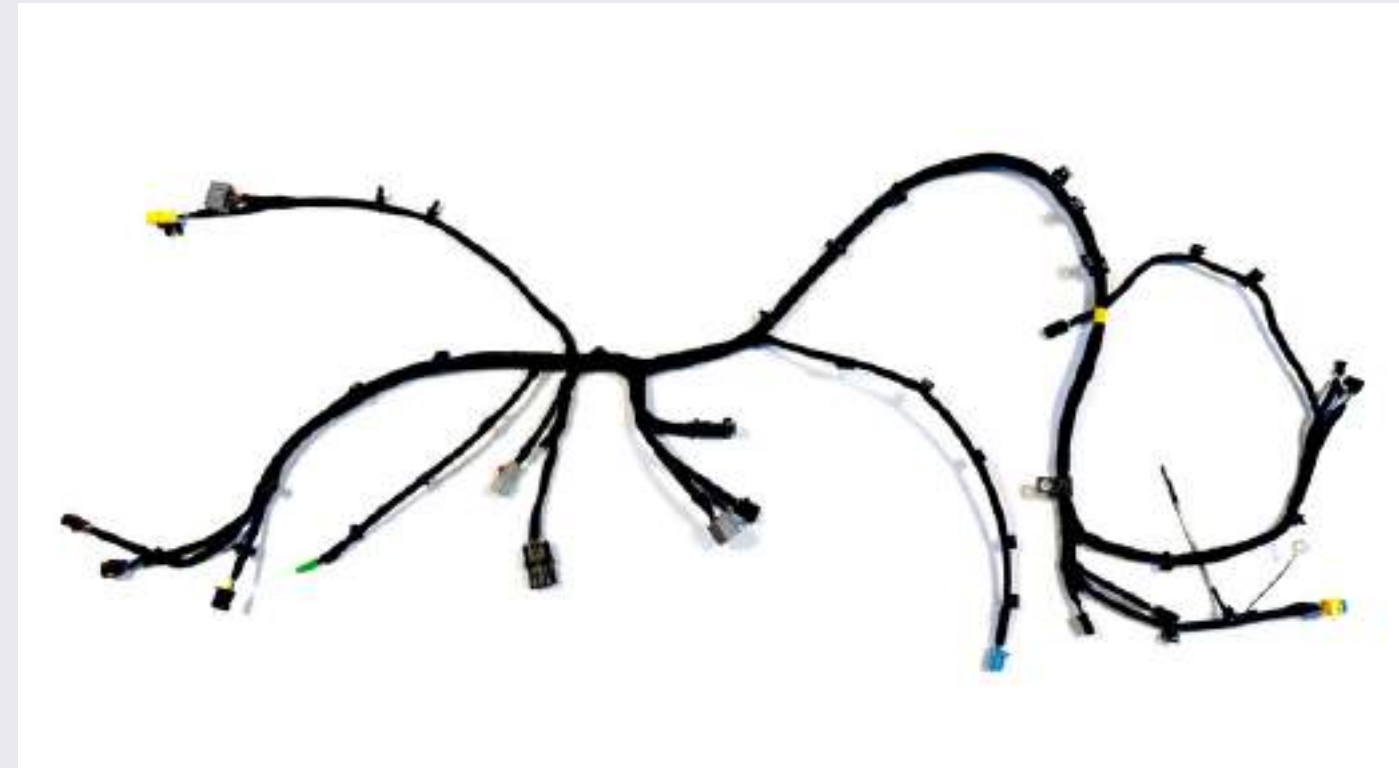

PRODUCTS

WIRING AIR BAG AND SIDE BAG

WIRING FOR CAR INTERIORS AND LIGHTING

TECHNOLOGIES

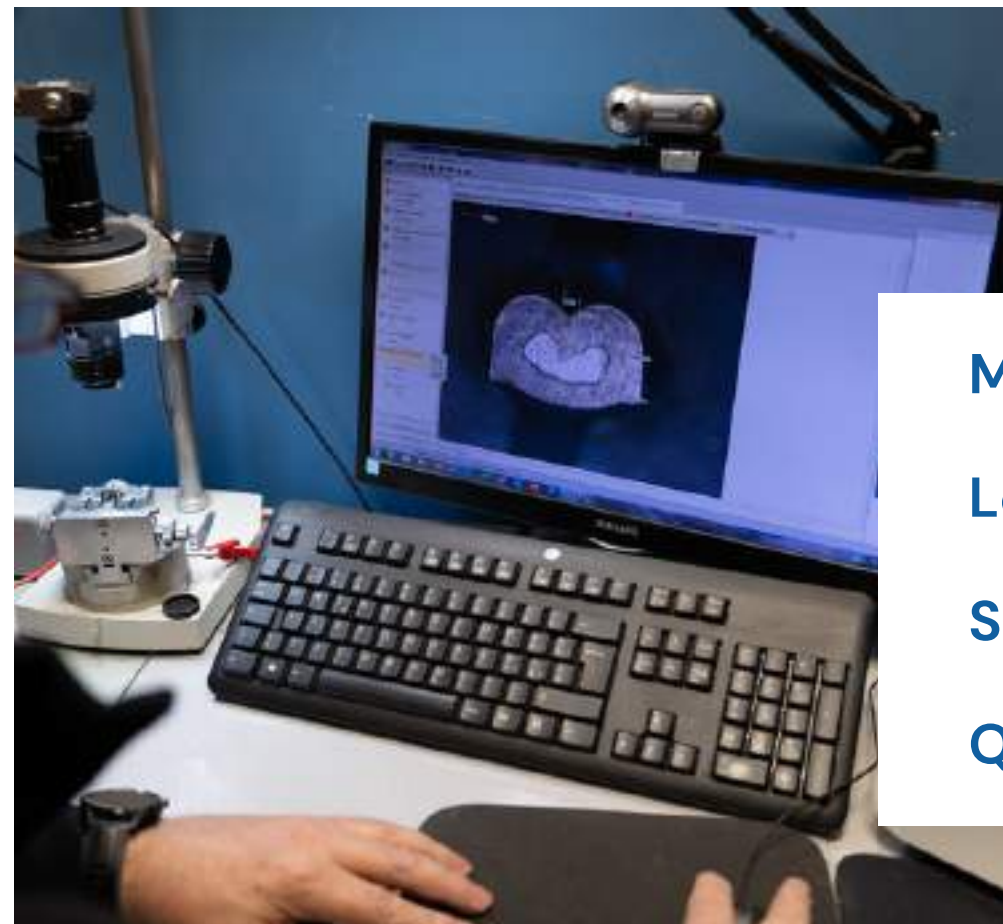

Cutting - Crimping
Tinning
IDC Connector

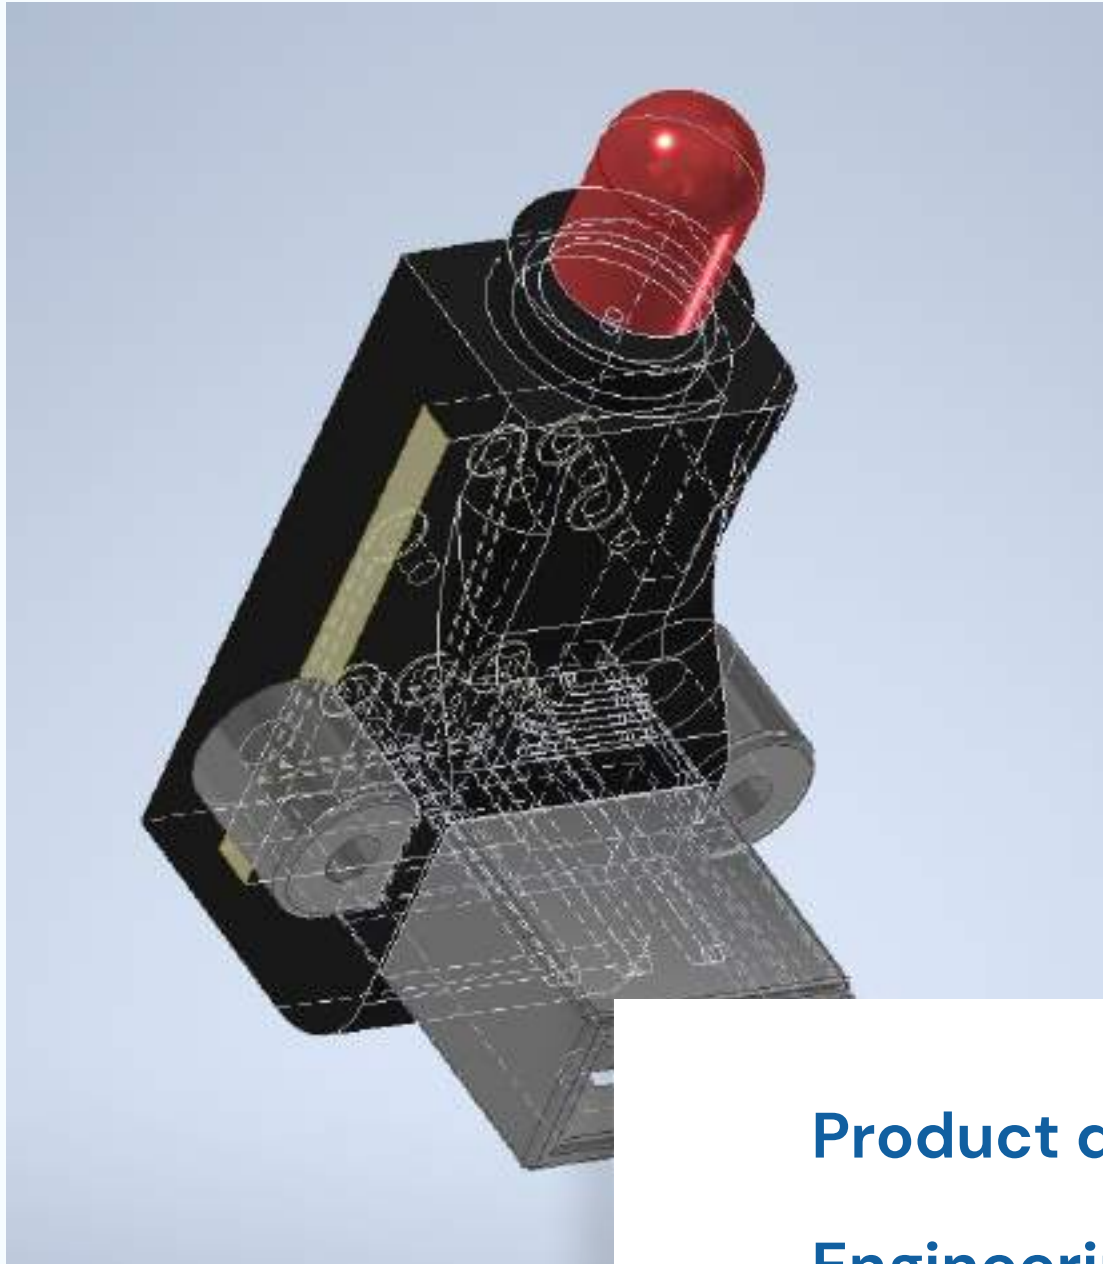

Comoulding
Ultrasonic welding
Coating

QUALITY CONTROL

100% wiring harness test for continuity check

- Micrographs laboratory
- Load extraction
- Statistical controls
- Quality control cameras

RESEARCH & DEVELOPMENT

Product development

Engineering

Design

Co-design

Fast prototyping

MAIN CUSTOMERS

O.E.M.

Our products are used by the following O.E.M.
